

**UDS COURSE
2.5 DAY
2010**

Course Description:

- 2.5 day seminar/basic workshop on bladder function and urodynamics
- Practical instruction and hands-on experience
- Observation of live patient urodynamics testing

Note: Maximum attendance of 16 participants per course

Target Audience:

This is a highly practical course aimed at health professionals who wish to learn how to perform urodynamic investigations.

Course Objectives:

- Provide instruction in technique
- Learn recognition and correction of artifacts
- Discuss interpretation of results
- Hands-on experience in small groups
- Observation of actual patient examinations
