RenovaRP® Cart

Part of the RenovaRP Paracentesis Management System

Trying to cut down on traffic between departments?

In these unique times, flexibility is essential. The Renova Cart allows you to securely transport your Renova Pump from department to department with ease so you can treat your patients wherever it is safest to do so.

RenovaRP Cart Features

- Two full extension drawers and additional pull out work surface
- Drawers and Pump cabinet lock with one key for added security
- Ample storage with six (6) side wing shelves, two (2) with dispensing slots
- Four wheels with two lockable castors
