

Make the Promise of a Care Pathway a Reality

UROLOGY AND UROGYNECOLOGY
Laborie's Portfolio of Pelvic Health
and Voiding Dysfunction Products

Enabling a patient-centric
care pathway from diagnosis
through treatment of:

Overactive Bladder

Stress Urinary Incontinence

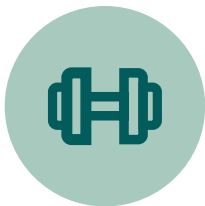

Lower Urinary Tract Symptoms

Urethral Stricture Disease

Fecal Incontinence

Laborie solutions help guide the pathway to better pelvic health

EVALUATE: DIAGNOSTICS

Evaluate and diagnose patients with Laborie’s rapid evaluation tools such as bladder scanners and uroflowmeters.

Urocap™ IV
Uroflowmetry System

Flowmaster
Flowmeter

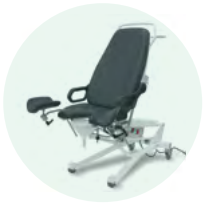

Flowstar
Flowmeter

Measures the flow rate and volume of the external urinary stream in ml/sec.

Portascan™ 3D
Ultrasound Bladder Scanner

Post-void residual (PVR) volume measurements and catheter-associated urinary tract infection (CAUTI) reduction.

Sonesta Chairs
Specialty chairs for urology, gynecology, and urogynecology procedures.

FIRST-LINE: BEHAVIORAL THERAPY

Deliver conservative therapies using Laborie’s pelvic muscle rehabilitation solutions.

Urostym®
Pelvic Floor Rehabilitation System
First-line and non-invasive therapy for incontinence and dysfunctional voiding using biofeedback, stimulation and EMG-Uroflowmetry.

Pelvic Floor Rehab Probes
A range of manometry, EMG and stimulation probes designed to meet different patient needs.

SECOND LINE: MEDICATIONS

While Laborie does not currently have any pharmaceutical offerings, pharmacotherapy is a necessary step along the treatment path. However, if the patient fails to experience sufficient symptom relief after prescribing medication(s), Laborie offers advanced diagnostics that can help you discover underlying medical conditions and additional therapeutic solutions to deliver the results they deserve.

REASSESS: ADVANCED DIAGNOSTICS

Reassess refractory patients using Laborie's advanced diagnostic equipment such as Urodynamics (UDS) systems, catheters, and endoscopy solutions.

NXT™
Family of
Advanced UDS

Urodynamics testing allows the clinician to investigate function/dysfunction of the lower urinary tract.

Aquarius®
Family of UDS

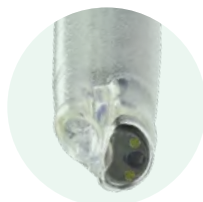

T-DOC®
Air-charged™
Catheters

Pressure-recording catheters for UDS studies. Air-Charged™ or fluid catheters are available.

PrimeSight®
Flexible Cystoscopy System

Unique, D-shaped cystoscope for use with EndoSheath. Available in digital or fiberoptic.

EndoSheath™
Protective Barrier

Sterile, single-use microbial barrier for use with PrimeSight flexible endoscopes.

THIRD-LINE: ADVANCED THERAPIES

Provide advanced minimally invasive therapy with Laborie's neuromodulation system and bladder injection needles.

Urgent® PC
Percutaneous Tibial Nerve Stimulation

Percutaneous Tibial Nerve Stimulation (PTNS) therapy is a simple, non-surgical, effective overactive bladder (OAB) treatment.

injeTAK®
Cystoscopy Needles

Precise retractable cystoscopy injection needle for bladder wall injection of approved drugs such as Botox®.

Macroplastique®
Urethral Bulking Agent

Macroplastique® for Stress Urinary Incontinence is an injectable soft-tissue bulking agent used to treat adult female stress urinary incontinence (SUI).

Additional pelvic health and voiding dysfunction products

A CUTTING-EDGE SOLUTION FOR URETHRAL STRICTURES

Optilume®

Urethral Drug Coated Balloon

The Optilume® technology combines mechanical dilation for immediate symptomatic relief with local drug delivery to maintain urethral patency. This safe, simple, and durable treatment for urethral stricture can break the stricture cycle.

INNOVATIVE SOLUTIONS FOR FECAL INCONTINENCE

Eclipse™ System

Fecal Incontinence Treatment

Eclipse™ is the first vaginal insert designed to provide bowel control.

Anorectal Manometry System

State-of-the-art High Resolution Anorectal Manometry system.

UNPARALLELED TRAINING, CLINICAL EDUCATION AND SERVICE TO SUPPORT YOU

Local field and clinical representatives provide product information, patient and practice tools, inservice training and clinical support. As your partner in learning development, Laborie provides wide-ranging educational live courses and on-demand education for your staff. For more information, talk to your Territory Manager or visit www.laborie.com.
